

INTRODUCING EXT

K-Devices announces the immediate availability of **EXT**, a **free Max For Live** device for modulate anything in Ableton Live: any devices, any third-party plugins and even Live's User Interface.

Key Features :

- Quick and easy target selection
- Two play modes (steps / trig)
- Drunkwalk function for unpredictable results
- Walker function for never ending variations

No external Max objects are used in this device.

More info / audio / video at this [link](#).

System Requirements: Ableton Live 8 or higher - Max For Live 2.2 - Mac and PC

Availability and pricing: EXT is available as **free** download at this [link](#).

The EXT pack contains a **25% discount code** for the K-Devices granulation suite **Kflux Bundle** for 25% less. In addition to the standard 33% off offer available on our K-Devices shop, the owner can get Kflux Bundle for 14.99€ instead of 29.97€. This offer is valid until October 31st.
